Holders and Public Housing
Residents are Eligible!

"I think the FSS Program is
amazing! It helped me obtain a
full-time job, improve my credit
score, purchase a car and find
resources available for me and
my children. I even went back to
school to obtain my GED!"

.....

How It Works

The Head of Household

1. Completes the FSS

Enrollment Form

2. Identifies Personal Goals

Examples– Find Employment,
Repair Credit, Maintain Your

Vehicle, Find Child Care, Save
for Homeownership

3. Works With Coordinator to
Create a Training Plan

4. Signs Contract of

Participation

FSS Basics

The Family Self-Sufficiency Program (FSS) is a voluntary program provided by Housing and Urban Development (HUD) and offered to you through the Missoula Housing Authority (MHA).

The FSS Program is designed to strengthen participants skills in order to become economically self-sufficient within 5 years.

During participation in FSS, an escrow account can be established when earned income is increased.

What is an Escrow Account?

A type of savings account created when the participants portion of rent increases due to increases in earned income.

This account is managed by Missoula Housing Authority and paid out to you upon successful completion of the FSS program.
